

The Nursing Learning Center at CCSU offers nursing students the opportunity to practice skills in a high tech, hospital like setting. There are 2 high fidelity simulation manikins, an adult and an infant, as well as 2 low fidelity manikins, an adult and a child, available for students to practice on. The Nursing Learning Center has numerous supplies and equipment for students to utilize as they progress through the nursing program at CCSU. The students become comfortable with assessments and intervention skills in the Learning Center before moving to a clinical setting with real patients. Additional resources available include DVD's and reference books. The Nursing Learning Center is equipped with Smart Board technology in addition to medical equipment.

Open lab hours for
students to come in for
additional practice:
Mondays & Wednesdays
8:00 AM - 2:00 PM

The Nursing Learning
Center is located in
Barnard Hall 324.
